Preparation for G194 – Where would you be without UU?

We have all arrived at coming to a Unitarian Universalist church for some reason. This session gives us the opportunity to express what brought us to and or keeps us with Unitarian Universalism.

1. What initially brought you to a UU church?

2. What keeps you coming to a UU church?

3. How are some of ways that the UU faith has met your spiritual needs? Your emotional needs? Your physical needs?

4. If you moved would you seek out another UU church? How would you know if it was a good fit for you?

5. What makes Unitarian Universalism a real religion? Are faith and religion the same thing?

6. If UU does not provide "answers" what does it provide?
